

## Head of Medical Affairs Cardio/ Metabolics

Hertfordshire

Our client is one of the world's leading research based pharmaceutical companies. This is an excellent opportunity to provide strategic leadership to the growing Medical Affairs team for the cardio metabolism area as the company prepares for a major launch within the Cardiovascular area. Reporting to the Medical Director, you will develop and deliver pre-launch education, identify and close data gaps and develop strong relationships with Key Opinion Leaders through your team.

You will have full GMC registration and will be able to demonstrate significant experience in Medical Affairs within the industry, including the delivery of Phase IV programmes. You will be able to demonstrate expertise in launching a product into the Primary Care area.

The company takes the development of their medical team very seriously with an excellent programme designed to facilitate the development of Pharmaceutical Medicine to support Specialty Training (PMST) and the revalidation of physicians to ensure compliance with medical, regulatory and legal standards linked to the License to Practice requirements.

For a confidential discussion please telephone Beth Thomas-Stonier at AXESS Limited on 020 8560 2300. To apply, please send your CV to [jobs@axess.co.uk](mailto:jobs@axess.co.uk) quoting reference 4918.
