

Medical Director, UK/Ireland

Highly Visible Role

This is an outstanding opportunity to join Warner Chilcott, an established, and rapidly expanding, specialty pharmaceutical company, currently focused on Women's Healthcare, Gastroenterology, Dermatology and Urology, but looking to extend their activities into other therapy areas. Their recent high-profile acquisition of Procter & Gamble's branded prescription pharmaceuticals business has further expanded their global presence and has significantly enhanced the scale and diversity of their operations.

As part of their ongoing development, and reflecting changes in the responsibilities of the current Medical Director, they are now looking to appoint a physician of the highest calibre to join their UK/Ireland team, and to play a key role in driving their ambitious growth plans. Reporting to the Head of R&D Europe, and as a member of the European R&D Leadership Team, you will assume overall responsibility for local Medical Affairs, Medical Communications, Pharmacovigilance and Regulatory Affairs teams, as well as scientifically overseeing Licensing & Acquisitions projects.

To discuss your interest in strict confidence, please contact either Nicola Harding or Matthew Edwards at the RSA Group 10110@theRSAGroup.com +44 (0)20 7299 2670.

Focused, Dynamic Environment

The Candidate profile is:

- Medically qualified and GMC registered.
- Proven ability to effectively lead cross-functional teams.
- A significant level of experience in the pharmaceutical industry, ideally including Medical Affairs, plus a good understanding of Regulatory Affairs, Pharmacovigilance and Medical Communications.
- Track record of establishing strong working relationships with key external, as well as internal, stakeholders.
- Commercially astute, with the ability to succeed in a results-driven and intellectually demanding environment.
- Outstanding verbal and written communication skills, with credibility at the most senior level.

This important position represents an opportunity to grow your medical career within an exceptionally dynamic, creative and strongly entrepreneurial environment. It commands a competitive salary and benefits package, and will be located in Warner Chilcott's impressive new UK headquarters in Weybridge, Surrey, to the west of London.
