

RISK:

Perceptions & Communication

A management issue for ALL Pharmaceutical Physicians

23 March 2010

**The Royal College of Pathologists
2 Carlton House Terrace
London SW1Y 5AF**

5 CPD (FPM) credits awarded

The BrAPP Annual Symposium is our flagship meeting of the year. Organising committees strive to develop a programme which is pertinent to all members regardless of their specialism within industry. Whilst the major focus of all the association's activities is primarily for the benefit of members we are also aware that physicians in industry do not work alone and we are always most welcoming of colleagues from outside the membership who choose to attend the Symposium.

The 2010 BrAPP Annual Symposium will bring a faculty of speakers together to discuss the critical issue of RISK. Naturally the lion's share of the programme will concentrate on risk management in the pharmaceutical industry but we are delighted to include presentations from the airline industry, the regulatory authorities and the NPSA to broaden the audience's perspective.

Speakers will include:

- Professor Theo Rayner, *Department of Pharmacy Practice, University of Leeds & non-executive director of Luto Research Ltd*
- Professor Ragnar Lofstedt, *Director, King's Centre for Risk Management, The International Policy Institute, King's College.*
- David Gerrett, *Senior Pharmacist, Safe Medication Practice & Medical Specialties, National Patient Safety Agency (NPSA)*
- Rob Halliday, *Acting Head of Safety Services, Virgin Atlantic Airways Ltd*
- Dr Bo-Jesper Hansen, *CEO and President, Swedish Orphan International*
- Dr Peter Arlett, *Head of Pharmacovigilance & Risk Management, EMEA*
